CONTINUED IN AKKAN BABY 3

--- Bonus Page ---

Which means "Hello and nice to meet you. I'm Miyauchi Saya."
Thank you for buying Akkan Baby 2. (^^)
It feels like it's been an incredibly long time since I've put out a "volume 2." (laughs)

And the bonus pages are a continuation of the parakeet manga from volume 1. (laughs)
And since I didn't have any material for this page I drew a parakeet. (laughs)
People's pictures always improve and I've become more skilled at drawing parakeets....
But how is this one? It's pretty bad isn't it. (^^;

AND THAT'S HOW TODAY WAS

My explosive head is incredibly popular with my parakeets! My Roseate Cockatoo Kyourin who rarely climbs onto my head is now constantly flying onto my head and surprising me. It's also very popular with the parakeet at my friend's house Gin-chan. My sole aim of getting an afro was only for parakeets and it might be quite rare that a person would do this but I decided to go ahead with it anyway (laughs)
